County Commissioners Raise All Employees Salaries 5 Percent

Jones County elected officials and all employees will receive a little more in their pay envelopes during the coming year as the result of action taken Monday by the commissioners court.

Termed a "cost of living increase" the raise will be approximately five per cent. Judge Leon Thurman explained that five per cent was added to all salaries and then the amount was rounded off to the nearest dollar.

This will mean that the county judge, attorney, clerk, district clerk and sheriff will receive \$6300. Pay for treasurer will be slightly less as will that of commissioners. Tax assessor-collector receives slightly more.

Pay of office employees in the court house has ranged from a high of \$300 downward to \$215 a month. Employees of the four commissioner's precincts have averaged about \$135 an hour, Commissioner Tom Boyd said.

Several other first of the year chores were taken care

of by the court. Among these were the following:

Appointed the county judge purchasing agent.

Set expenses allowance for the county agent at \$750 and that for the home demonstration agent at \$980 with this money to be paid in equal monthly installments.

Set pay for grand and petit jurors at \$5 a day. The new law provided pay from \$4 to \$10. In special venues, jurors will be paid \$4 if they do not serve or \$5 if they do.

The commissioners court will sponsor this county's participation in the Aspermont Small Business Development Association, paying \$150 toward its expense.

Contracts were renewed with Irving Radio and Telephone Co. to take care of the radios in the sheriff's department, and with Abilene Cash Register and Adding Machine Co. to service courthouse adding machines and typewriters.

Action was postponed on renewing hospitalization insurance coverage under Friday of this week.

Divorces Lead the Field in Activity In 104th District Court Last Year, According to McDonald

Divorces easily led the field in activity in 104th District Court at Anson last year, a report just compiled by District Clerk W. L. (Poochey) McDonald indicates.

The report reveals many other interesting facts, among which is the decrease in jury trials, both in civil and criminal cases. While for the year 1964 there were five civil and 10 criminal trials in which a jury was used, these figures dropped to but one civil and two criminal cases for the year just ended.

Taken all in all, Judge Owen Thomas disposed of more cases in the past year than in the one preceding. The 1964 total, including jury, non-jury and dismissals, was 221 but for the year 1965, these three figures totalled 235.

At the start of the year 1965, there were 60 divorce petitions on file. Eighty-four new pleas were filed, bringing the total to 116. During the year, 63 divorces were granted, 41 pleas were dismissed, leaving pending at the close of the year 40 cases.

Tax suits, which are filed

usually by a delinquent tax collector employed by the county or school district, are seldom pushed. The year 1965 was about normal in this respect. The report opens with 198 suits on file and indicates 10 new ones were added. Only three of these suits were disposed of, leaving 205 pending.

Civil suits, not including divorces, totalled 102 at the beginning of 1965, and 92 were added in the course of the year, making a total of 194. One suit was settled by a jury trial, 46 before Judge Thomas and 40 were dismissed either

Mr. and Mrs. Horace Ed Crow, Karen and David of St. Louis, Mo., spent the New Year Holidays with his parents, Mr. and Mrs. Earl Crow, Construction manager in the engineering department of Monsanto Co., Mr. Crow is also a major in the active Air Force Reserve at Scott Air Base, Ill. for want of prosecution or because the litigants had reached an agreement. Pending at the end of the year were 107 cases.

There was a decided drop in criminal indictments during the year with the 1964 figure being 95 and that for the year just ended dropping to 32.

Two criminal casses were heard by juries and 29 were guilty pleas. Eleven were dismissed, making a total of 42 being handled during the year.

The year 1964 ended with 44 criminal cases on file while this number had dropped to but 27 on Dec. 30, 1965.

Rev. and Mrs. Bobby Moore are in a revival this week at First Methodist Church in Abilene, in charge of the music. The morning service is at 10 and the evening service at 7. The revival is in the new sanctuary of First Church. Rev. Charles Whittle, Nashville, Tenn. is the evangelist.

Guadalupe Gonzales, son of Mr. and Mrs. Ben Gonzales, was born Jan. 9 at 9:59 a.m. and weighed 8 lbs. 7 oz.

Area Farm and Ranch News

By Don Elmore

It seems like we can have more promise and less water than anyone in the world right here in west Texas. It sure would be nice if one of these damp spells would dump a couple of inches of rain. The small grain is beginning to suffer from drought and rust, not only here but elsewhere also. The Seymour area which was so pretty a month ago is beginning to look the same way as we are, in need of rain.

Austin and George Poe have for some time now been feeding out cattle. But they have a little different way of doing it than most feeders. On their ranch about ten miles west of town they feed cattle while running out on pasture.

In 1963 or 64 they root plowed and seeded their pastures to native grasses and now have the best turf I have ever seen.

According to Doug Shults, their ranch foreman, they receive their cattle at about

Hamlin, Texas, Thursday, January 13, 1966

six hundred lbs. of weight. For some 30 to 45 days they are let run out on grass with self feeders filled with a grain ration scattered around in the pasture. Then they close them in to smaller lots and raise the grain protein gradually until it reaches a very high percent.

The cattle when finished weigh about 1000 to 1050 lbs. and they sure look like fine beef on foot.

If you happen out the Rotan highway and see all those feeders scattered around on the South side of the highway that is the place.

A PLACE TO PRAY

Man can, and should, pray anywhere. God has placed no limitations on his communing with him.

Our Lord has said, "... Ask and ye shall receive." God listens when we seek him, no matter where, however he desires that we gather together in prayer too. "... mine house shall be called an house of prayer for all people."

Attend church Sunday and know the joy of prayer with others.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
